

Metacat - Bug #2993

Permission Order is always set to 'allowFirst'

11/02/2007 01:11 PM - Chris Barteau

Status:	Resolved	Start date:	11/02/2007
Priority:	Normal	Due date:	
Assignee:	Chris Barteau	% Done:	0%
Category:	metacat	Estimated time:	0.00 hour
Target version:	1.8	Spent time:	0.00 hour
Bugzilla-Id:	2993		
Description			
Permission Order is always set to 'allowFirst'. Even if you send 'denyFirst, it will save 'allowFirst' to the access table.			

History

#1 - 11/02/2007 01:13 PM - Chris Barteau

Fixed by removing quotes around reference to the constant "AccessControllInterface.DENYFIRST" in the constructor of class "edu.ucsb.nceas.metacat.AccessControlForSingleFile".

#2 - 11/07/2007 02:58 PM - Jing Tao

Move to 1.7.1

#3 - 03/27/2013 02:21 PM - Redmine Admin
