**Description** 

Here's some help for characters that need encoding:

http://www.blooberry.com/indexdot/html/topics/urlencoding.htm

#### History

### #1 - 04/29/2011 08:19 AM - Forbes Boyle

function exists in migration tool, copy it and include in viewer.

#### #2 - 03/27/2013 02:21 PM - Redmine Admin

Original Bugzilla ID was 3010
