

SEEK - Bug #3081

Deploy ecogrid-1.0.0 services for KNB (including registry)

01/21/2008 01:42 PM - ben leinfelder

Status:	Resolved	Start date:	01/21/2008
Priority:	Normal	Due date:	
Assignee:	ben leinfelder	% Done:	0%
Category:	ecogrid	Estimated time:	0.00 hour
Target version:	ecogrid-1.0.0	Spent time:	0.00 hour
Bugzilla-Id:	3081		
Description jing and ben need to coordinate the upgrade and also kep in mind to: -use kepler metacat instance for actor library only (currently the case) -setup another (NEW!) metacat instance on KNB for the registry and distributed computing slave nodes (lots of records) - does not share the regular KNB metacat instance that houses all the EML etc.. -register the existing services (currently 3 query services in kepler's config.xml) with the existing kepler metacat instance
