Bugzilla-Id:	3091		

Description

Building Kepler yields two warnings with the message, "non-varargs call of varargs method with inexact argument type for last parameter". The offending code is in org.nddp.DataTypes.

I will try to fix this tomorrow, 1/23/2008.

History

#1 - 01/23/2008 04:51 PM - Timothy McPhillips

I added two type-casts suggested by the compiler, and this eliminated the warnings.

#2 - 03/27/2013 02:22 PM - Redmine Admin

Original Bugzilla ID was 3091
