Kepler - Bug #3201

Remove all links to FSM from the GUI

04/02/2008 09:00 AM - Chad Berkley

Status:	Resolved		**Start date:**	04/02/2008
Priority:	Normal		**Due date:**

Target version:	1.0.0		**Spent time:**	0.00 hour
Bugzilla-Id:	3201			

Description

We are postponing re-adding the FSM items to kepler to post-1.0. All GUI items related to FSM should be removed from the release. Also, any demos that use FSM should also probably be removed (or not linked to).

History

#1 - 04/02/2008 09:31 AM - Christopher Brooks

I feel that Kepler should ship with FSM.
What's the reasoning behind not shipping FSM?
There is this bug:

FSM State cannot be opened from context menu
http://bugzilla.ecoinformatics.org/show_bug.cgi?id=3022

What other FSM bugs are there?

#2 - 04/02/2008 09:38 AM - Chad Berkley

Mainly the reason is that we don't have time to re-integrate it and figure out all of the dependencies that we've broken with the basicGraphFrame changes. The other FSM bugs are 3022 and 2509. If someone is willing to volunteer to take this on, we may reconsider.

#3 - 04/02/2008 02:19 PM - Christopher Brooks

Ok, I've fixed bug #3022 and bug #2509.
bug #3204 is a RFE for FSM examples to be added to Kepler

Unless someone indicates otherwise, it seems to me that we
can include FSM in 1.0.0.

I'm leaving this open for Chad to close if he agrees.

#4 - 04/03/2008 01:51 PM - Chad Berkley

It looks like this works. I'll close this, but if anyone has any objections to the way this works or thinks it breaks anything in 1.0, please reopen it with a stated reason.
