#### History

##### #1 - 04/15/2008 02:39 PM - Jing Tao

I followed the procedure and duplicated this error message. However, i didn't see it hurt anything. I took a look at the code and found the message level should be warn rather than error. So I decreased the debug level and it only show a warn message.

##### #2 - 04/16/2008 03:59 PM - Jing Tao

It was fixed base above solution.
