<b>Bugzilla-Id:</b>	3283		
<b>Description</b>			
In mac and linux, the Welcome splash screen doesn't show up when user starts kepler. However, in windows version, I did see this screen during the startup when i double clicked either kepler.exe file or kepler-console.bat file.

### History

#### #1 - 05/08/2008 09:02 AM - Chad Berkley

It doesn't show up if you have a .ptolemyll directory with a PtolemyPreferences.xml file in it. If you remove that directory, it will show up.
