

FIRST - Bug #3302

Move student ID screen after selecting types of data columns

05/19/2008 10:07 AM - Ryan McFall

Status:	Resolved	Start date:	05/19/2008
Priority:	Normal	Due date:	
Assignee:	Ryan McFall	% Done:	0%
Category:	client	Estimated time:	0.00 hour
Target version:	Unspecified	Spent time:	0.00 hour
Bugzilla-Id:	3302		
Description			
Right now selection of the student identifier comes way later in the process. This doesn't make too much sense. It should be right after DataTypeSpecification.			

History

Note that Controller is no longer a subclass of ListWizardController, as that was just too confusing. It now has explicit cases for each of the pages in the wizard.
