

FIRST - Bug #3317

Changing delimiter does nothing in SelectDataFile (soon ConfigureDataSource)

05/23/2008 12:25 PM - Ryan McFall

Status:	Resolved	Start date:	05/23/2008
Priority:	Normal	Due date:	
Assignee:	Ryan McFall	% Done:	0%
Category:	client	Estimated time:	0.00 hour
Target version:	Unspecified	Spent time:	0.00 hour
Bugzilla-Id:	3317		
Description			
Clicking the delimiter button should cause the preview pane to redisplay, but at the moment it doesn't seem to do anything.			

History

#1 - 05/27/2008 07:41 AM - Ryan McFall

delimiter was being set, but the data table was not being refreshed. Property change support for the structure of the data table had to be added so that the DataSourcePreviewPanel could fire a table change event.
