<b>Bugzilla-Id:</b>	3334		
<b>Description</b>			
In PanelWithDataSourcePreviewPane, the DataSourcePreviewPanel should expand horizontally to span the width of the window.			

### History

#### #1 - 06/01/2008 09:15 AM - Ryan McFall

This turned out to require editing of each page that extends PanelWithDataSourcePreviewPane, since that class only creates the DataSourcePreviewPanel, it doesn't add it to the layout.
