Description

Clicking 'Launch Parser' from the dialog that is accessed from 'Data|Parse Assessment' doesn't work, and behaves in one of two ways. Either it 1) does nothing visible on the UI, or 2) opens a blank grey dialog box with the title 'Assessment Importer'. To reproduce, just click the link.

History

#1 - 05/30/2008 11:15 AM - ben leinfelder

there were images that were referenced in parser initialization that were not being included in the morphoFirst.jar file.
this is fixed
