Target version:	Unspecified	Spent time:	0.00 hour
Bugzilla-Id:	3346		
Description			
In ConfigureDataSource, we should provide some feedback indicating how many students are selected by the current selections of Row/Column and student data starting/ending rows/columns.			

History

#1 - 06/03/2008 10:51 AM - Ryan McFall

Added new label at the bottom of the window along with method to update its value based on the values in the spinners. This method is called when either of the spinners change.
