

Morpho - Bug #3366

Default morpho network query is a slower query

06/05/2008 11:58 AM - Jing Tao

Target version:	Unspecified	Spent time:	0.00 hour
Bugzilla-Id:	3366		
Description			
Current there is no xpath specified in morpho default query. This means metacat will go through xml_nodes table to get the result. It is a slower query. We should change this.			

History

#1 - 09/03/2009 03:28 PM - Jing Tao

It is fixed now. We use title, abstract and keyword as the default query path

#2 - 03/27/2013 02:23 PM - Redmine Admin

Original Bugzilla ID was 3366
