Target version:	1.9.1	Spent time:	0.00 hour
Bugzilla-Id:	3389		

Description

FGDC files do not go to the most recent version when the version number is not included. They also do not include the download option if the version number is not in the path.

The test file is Titled Model and it's ID is bowdish.890

<http://dev.nceas.ucsb.edu/knb/metacat?action=read&qformat=sanparks&docid=bowdish.890.1>

This path will display the data package id bowdish.890.1 and include the download option

<http://dev.nceas.ucsb.edu/knb/metacat?action=read&qformat=sanparks&docid=bowdish.890>

This path will will display the data package id bowdish.890 (it does not "resolve" to the most recent data package). It also does not include the downloadable file option.

History

- #1 - 06/10/2008 09:33 AM - ben leinfelder
i've updated the fgdc style sheet such that the partial docid will display the datapackage download section
- #2 - 06/10/2008 10:19 AM - ben leinfelder
committed to both the 1.8.1 branch and HEAD
