

InfoVeg - Bug #3420

Preprint "plot datasheet" when upgrading to level 3 (workshop '08)

06/25/2008 03:41 PM - Michael Lee

Status:	New	Start date:	06/25/2008
Priority:	Normal	Due date:

Target version:	WhenWeHaveTime	Spent time:	0.00 hour
Bugzilla-Id:	3420		

Description

If plots are revised to upgrade to level 3, the plot sheet should be pre-populated with those data previously reported during level 1 or 2 monitoring. We have placed this on our list of desirable features, but have not yet given it a high priority owing to the infrequency of upgrading to level 3.
