

InfoVeg - Bug #3424

Confidentiality Level 3 (workshop '08)

06/25/2008 03:44 PM - Michael Lee

Status:	Resolved	Start date:	06/25/2008
Priority:	Normal	Due date:	
Assignee:	Michael Lee	% Done:	0%
Category:	EntryDB	Estimated time:	0.00 hour
Target version:	2009-Jan	Spent time:	0.00 hour
Bugzilla-Id:	3424		
Description			
Data confidentiality will no longer be a required field for level 3 as all contract work for EEP is expected to result in public data, with the exception that names of field workers and landowners will not routinely be released.

History

#1 - 06/27/2008 04:31 PM - Michael Lee

I am interpreting this to mean that we should remove the confidentiality field from the datasheets for level-3 plots.

Protocol, version 4.1.6 updated to indicate that confidentiality is for levels 4-5 only.

#2 - 06/30/2008 11:40 AM - Michael Lee

Tom and Bob have confirmed that we want to remove the confidentiality fields from level 2 datasheets and entry tool forms.

#3 - 06/30/2008 03:26 PM - Michael Lee

removed confidentiality information from the datasheets, version 44.

still need to remove this from the entry tool, level 3.

#4 - 06/30/2008 04:05 PM - Michael Lee

removed from level 3 plots in entry tool. Not worried about backward compatibility, as no level-3 plots really exist yet and skipping this is not a big deal. Removed from "required" and thus are not flagged as errors when null for level 3.

#5 - 06/30/2008 04:06 PM - Michael Lee

entry tool version 2.2.6p0630_mid2 for above fix.
