

FIRST - Bug #3520

Provide a "generic" structured search field

10/08/2008 09:39 PM - ben leinfelder

Status:	Resolved	Start date:	10/08/2008
Priority:	Normal	Due date:

Target version:	server-alpha2	Spent time:	0.00 hour
Bugzilla-Id:	3520		
Description Currently you can search by: -any field -instructor surName -course title -institution name -year Adding a more flexible picklist of many different metadata fields would be a neat feature - and would allow for more expressive searches. User would select the field they want to search, then enter a search term (we've seen this type of interface many times! any old library catalog has it these days.)			

History

#1 - 11/16/2008 08:07 AM - ben leinfelder

added a drop down list with:
Assessment Title
Assessment Type
Assessment Duration
Course Term

we can add or remove fields easily, now
