

Metacat - Bug #3567

The search query in the default skin doesn't include eml 210 as return doc type

10/24/2008 02:03 PM - Michael Daigle

Status:	Resolved	Start date:	10/24/2008
Priority:	Normal	Due date:	
Assignee:	Michael Daigle	% Done:	0%
Category:	metacat	Estimated time:	0.00 hour
Target version:	1.9	Spent time:	0.00 hour
Bugzilla-Id:	3567		
Description			
This is in the latest 1.9 build. Need to check other skins as well.			

History

#1 - 10/31/2008 10:30 AM - Michael Daigle

try to remove variables to central location. Look at adding FGDC.

#2 - 11/03/2008 04:12 PM - Michael Daigle

Added EML 2.1.0 return type to all skins. Entering a new bug for release 1.9.1 to centralize those values.

#3 - 03/27/2013 02:23 PM - Redmine Admin

Original Bugzilla ID was 3567
