Description

After today's meeting, they indicated that the "FIRST II" should have the numerals removed (since we're technically on the 4th round of funding...).

Additionally, they'd like to have it read like so:

FIRST Assessment Database
Faculty Institutes for Reforming Science Teaching

Hopefully we can preserve the boy with the looking glass. maybe three lines of text is called for. I think "FIRST" can be in the largest font size, and "Assessment Database" can be a bit smaller - but larger than the current spelled-out FIRST acronym.
