Bugzilla-Id:	3618			

Description

I built a tar.gz using the "distbin" ant target, deployed the contained knb.war file, and later realized that there were no ecogrid services included in the deployment. The stub and implementation jars from the SEEK project are not even included.

History

#1 - 11/10/2008 11:05 AM - ben leinfelder

added install-ecogrid dependency in the build for "distbin"

#2 - 03/27/2013 02:24 PM - Redmine Admin

Original Bugzilla ID was 3618
