Morpho - Bug #368

Morpho windows won't close

12/07/2001 12:16 PM - Eric Fegraus

Status:	Resolved		**Start date:**	12/07/2001

Target version:	1.1		**Spent time:**	0.00 hour
Bugzilla-Id:	368			

Description

After conducting three or so searches I'm not able to close the search results boxes. From this point on morpho windows continue to build up regardless of if it is a search results window, About morpho, Help, etc. Using version 1.0.0 Beta 3

History

#1 - 12/13/2001 05:05 PM - Dan Higgins

fixed problem where editorPlugin was not releasing references to DocPanel objects when those windows were closed. This created a memory leak that may have been the cause of this problem.

#2 - 02/07/2002 08:56 AM - Dan Higgins

This problem was almost certanly due to "out-of-memory" error due to memeory leak.
