

Metacat - Bug #3729

Add admin names as dropdown in configuration login

01/07/2009 08:32 AM - Michael Daigle

Status:	Resolved	Start date:	01/07/2009
Priority:	Normal	Due date:	
Assignee:	Michael Daigle	% Done:	0%
Category:	metacat	Estimated time:	0.00 hour
Target version:	1.9.2	Spent time:	0.00 hour
Bugzilla-Id:	3729		
Description			
Currently the user has to type in the full distinguished admin name to log in using ldap. Instead, it would be nice if a dropdown of existing configured admins was available.
