

Metacat - Bug #3731

Registering dataset via register-dataset.cgi fails with data file

01/07/2009 04:27 PM - Michael Daigle

Status:	Resolved	Start date:	01/07/2009
Priority:	Immediate	Due date:	
Assignee:	Michael Daigle	% Done:	0%
Category:	metacat	Estimated time:	0.00 hour
Target version:	1.9	Spent time:	0.00 hour
Bugzilla-Id:	3731		
Description			
When registering a data set, if a file is attached, the following error is returned:			
User tried to update an access module when they don't have "ALL" permission.			

History

#1 - 01/12/2009 10:08 AM - Michael Daigle

The system was checking the xml_access table for user permissions for new online files.

Changed the 2.1.0 EML Sax handler to only check access permissions for existing files.
