

Metacat - Bug #3755

Change property service to return null for blank properties

01/19/2009 10:44 AM - Michael Daigle

Status:	New	Start date:	01/19/2009
Priority:	Normal	Due date:

Bugzilla-Id:	3755		
Description			
Right now the PropertyService returns "" for empty properties. It should return null. This will required quite a bit of verification, since this function is used throughout the code.
