Category:	parser	Estimated time:	0.00 hour
Target version:	client-prototype	Spent time:	0.00 hour
Bugzilla-Id:	3793		
Description			
Right now the ignored region selections are not shown on the vector image page, which can give the user the impression that the changes were not saved.			

History

#1 - 05/11/2009 10:38 AM - Ryan McFall

This has been resolved; the selections from the previous page are now shown in a gray color so that the user knows that the selections have been saved, but are not editable.
