### Description

The password is shown in its entirety in the Java window as you are logging into metacat.  Not sure how secure this is supposed to be (i.e. encoded in the Java Window, encoded as it's sent over the network, etc).

Eric

## History

**#1 - 12/21/2001 12:20 PM - Dan Higgins**

password shows up in the command window if debug level = 20; will not show up under usual setting of debug level = 9

**#2 - 02/11/2002 03:38 PM - Dan Higgins**

This is not a issue for release verstion - ie password does not show up

**#3 - 03/27/2013 02:14 PM - Redmine Admin**

Original Bugzilla ID was 383
