| <b>Bugzilla-Id:</b>   | 3830           |                        |            |
| <b>Description</b>  |                |                        |            |
| Right now, SortedProperties will read a multi-line property, but not modify one. It should be able to modify a multi-line property and maintain format. |                |                        |            |
