

InfoVeg - Bug #3847

enable export for analysis databases

02/25/2009 01:01 PM - Michael Lee

Status:	Resolved	Start date:	02/25/2009
Priority:	Normal	Due date:	
Assignee:	Michael Lee	% Done:	0%
Category:	ViewerDB	Estimated time:	0.00 hour
Target version:	Unspecified	Spent time:	0.00 hour
Bugzilla-Id:	3847		

Description

Currently, the viewer can only export from entry and archive databases. A new routine that checks for the analysis database is in place, and some fine-tuning needs to be done to get the export to function correctly.

History

#1 - 04/14/2009 12:00 PM - Michael Lee

Export now works when connected to analysis databases.
