

Morpho - Bug #3872

opening a "previous version" and resaving locally wrote over the last most recent version

03/09/2009 02:03 PM - Margaret O'Brien

Target version:	1.9	Spent time:	0.00 hour
Bugzilla-Id:	3872		
Description			
package obrien.1 has 3 revisions (1,2,3 all locally saved). I opened rev 3, and then chose "open previous version", picked obrien.1.2, and made some changes and saved the package. I expected it to be saved as "obrien.1.4" (the next unused revision #), but instead Morpho wrote over the existing obrien.1.3 (ie, open_package_rev + 1). So I can no longer revert to obrien.1.3.
