Target version:	SanParksRelease	Spent time:	0.00 hour
Bugzilla-Id:	3959		
Description			
Add the ability to highlight and select a specific report item panel.			

History

#1 - 05/19/2009 10:59 AM - debi staggs

The ability to highlight and select a report item panel is now working. Panels are selected when the user clicks on the panel, and the panel receives the focus.
