Hi, Jay,

You said that this bug relates to Fall 02-Exam.pdf and Fall 03-Exam.pdf, right?

When I parse Fall 02-Exam.pdf, I selected the images corresponding to Q47-49 and Q51-Q52 and the parser wizard did recognize the images fine. So, could you please elaborate on your bug report including the specifics of which question in what document gave you the error. Also, sometimes it may even be the sequence in which operations are performed. So, including such information also can help us pin-down the issue quickly.

Also notice that you may have to ignore some statements on page 7 of Fall 02-Exam.pdf and page 6 of Fall 03-Exam.pdf such as "EXTRA CREDIT QUESTIONS" and "NEXT PAGE".

Thanks,

Sandeep
