

## Kepler - Bug #4139

### port names are displayed twice

06/08/2009 07:20 PM - Oliver Soong

<b>Status:</b>	In Progress	<b>Start date:</b>	06/08/2009
<b>Priority:</b>	Low	<b>Due date:</b>	
<b>Assignee:</b>	Chad Berkley	<b>% Done:</b>	0%
<b>Category:</b>	general	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	2.X.Y	<b>Spent time:</b>	0.00 hour
<b>Bugzilla-Id:</b>	4139		
<b>Description</b>			
When I choose to show port names, they are displayed once next to the port as expected and once in the upper left corner of the actor in a bold-looking font. This appears in both XP and linux.			

### History

#### #1 - 06/08/2009 07:36 PM - Oliver Soong

As a clarification, this only seems to occur in the top-level of the workflow in bug 4129 ([http://bugzilla.ecoinformatics.org/show\\_bug.cgi?id=4129](http://bugzilla.ecoinformatics.org/show_bug.cgi?id=4129)). It's odd behavior, but given that it so far only affects one unusual workflow, it's even less important.

#### #2 - 09/22/2009 05:41 PM - Christopher Brooks

I'm going to close this because the screenshot does not have duplicate port names.

#### #3 - 09/22/2009 05:41 PM - Christopher Brooks

I'm marking this as WORKSFORME as the model from bug 4129 does not have port names displayed twice.

#### #4 - 09/22/2009 06:04 PM - Oliver Soong

I don't know what I was thinking when I wrote this up the first time. I probably just got myself mixed up, but if I bring the string replace actor over onto the canvas, I still get the weird text error.

#### #5 - 09/22/2009 06:05 PM - Oliver Soong

I apparently can't add an attachment and reopen in the same step.

#### #6 - 09/23/2009 08:25 AM - Christopher Brooks

The org.ecoinformatics.seek.datasource.eml.eml2.Eml200DataSource actor causes the port names to be displayed twice.

#### #7 - 03/27/2013 02:25 PM - Redmine Admin

Original Bugzilla ID was 4139
