Description			
WRM - if you move a column, then open a new kepler window, there are problems with column and headers being out of order, and no rows being displayed. I believe this is a new bug introduced by my recent changes.

History

#1 - 06/15/2009 11:37 AM - Derik Barseghian

Fixed in r19238. Refactored to rely on natural jtable mechanisms for tracking movement.
