Kepler - Bug #4177

WRP - look up Parameter values from Provenance

06/19/2009 08:31 PM - ben leinfelder

Status:	Resolved		**Start date:**	06/19/2009

Target version:	2.0.0-alpha1		**Spent time:**	0.00 hour
Bugzilla-Id:	4177			

Description

Turns out Parameter values are stored differently than the tokens that are passed among actors.
Will need to augment the DynamicReportItem to keep track of what kind of object we are looking up the value for.

History

#1 - 06/19/2009 09:27 PM - ben leinfelder

added a method to provenance to look up the type (port/parameter/etc).
using that to decide where/how to retrieve the data (either port data as tokens, or parameter values as strings)
working!
