

Kepler - Bug #4219

"Kepler Repositories" should be retrieved from the registry

07/06/2009 10:37 AM - ben leinfelder

Status:	New	Start date:	07/06/2009
Priority:	Normal	Due date:

Target version:	2.X.Y	Spent time:	0.00 hour
Bugzilla-Id:	4219		
Description			
Currently we use a combination of 2 .properties files to make actor/workflow/run library repositories available for users to upload to. Adding new ones requires editing configuration files - not entirely user friendly. This will probably be different with the new configuration changes. We'll probably need to stick this into the EcogridServicesController stuff.

This can be done via an upgrade to the ecogrid module and so should be able to be handled in a module-specific release. Moving to 2.X.Y.
