Category:	reporting	Estimated time:	0.00 hour
Target version:	SanParksRelease	Spent time:	0.00 hour
Bugzilla-Id:	4233		

Description

In the workflow view there are old instructions that explain how to generate a report they begin with the following:
1. mark a port as an item of interest.

This no longer applies, so we need to change the instructions as appropriate.

History
