## Description

Need to add suites besides just kepler to the nightly build.

#### History

### #1 - 07/20/2009 05:00 PM - Chad Berkley

Added the WRP suite to the NMI build. If you want your suite added, let me know.

### #2 - 08/12/2009 02:54 PM - Chad Berkley

I've haven't had any requests to add more suites to the nightly build so I'm going to close this for now. Any suites that you want added, just let me know.
