#### Description

If you sort the table into a non-default state (by single clicking on a column header some number of times), and then select row(s) and export, open, or upload, you'll most likely be getting the wrong row(s). Filtering doesn't seem to have this problem.

#### History

##### #1 - 07/15/2009 06:21 PM - Derik Barseghian

I believe I've fixed this in r19997. Will leave open a little while longer for more testing.

##### #2 - 07/31/2009 04:27 PM - Derik Barseghian

Haven't had any problems with this, closing.
