Description

Replication of this dataset seems to have resulted in an error. It was inserted using the dev/loadxml.html page at metacat.lternet.edu on friday 7/24. On monday (7/27), this url correctly returned the document:
[ttp://metacat.lternet.edu/knb/metacat?action=read&qformat=xml&docid=knb-lter-mcr.8.6](http://metacat.lternet.edu/knb/metacat?action=read&qformat=xml&docid=knb-lter-mcr.8.6)

but this one:

<http://knb.ecoinformatics.org/knb/metacat?action=read&qformat=knb&docid=knb-lter-mcr.8.6>

returned

```
<error>
```

```
Error reading document: knb-lter-mcr.8
```

```
</error>
```

With the revision number (6) left off, the knb returns rev .5
