Kepler - Bug #4292

Menu items should display the same icon as buttons with the same functionality.

08/07/2009 02:57 PM - David Welker

Bugzilla-Id:	4292			

Description

It is good practice to display the same icon in the menu as is shown on a toolbar if a toolbar exists. All functions that exist both on a toolbar and in a menu should show the same icon.

Will the 2.0 config system allow this to be done in 2.x.y, or does this sound more like a 3.0 feature?
