Description

[space: oracle] 124: Error creating pool of database connections in
MetaCatServlet.handleGetOrPost
Io exception: The Network Adapter could not establish the
connection
2002-02-18 13:54:59 - SessionIdGenerator: Created random class
java.security.SecureRandom
ldap authenticating
389dc=ecoinformatics,dc=org

History

#1 - 02/18/2002 01:39 PM - Matt Jones

This is most likely a configuration issue on the LTER Metacat rather than a bug.
LTER does not yet have our public key from ldap.ecoinformatics.org, so there is
no way they could get this to work over SSL at this point. I'll work on it with
David. Changing status and assignment accordingly.

#2 - 02/18/2002 03:29 PM - David Blankman

Database connection problem was a result of incorrect password.
