Target version:	1.8.1	Spent time:	0.00 hour
Bugzilla-Id:	4332		

Description

Feature request from Margaret O'Brien:

2. a way to a) stop a search, but keep the list of what's been returned so far, and b) cancel a search altogether. This might already exist: there is a cancel button on the the search results screen but it closes the screen. The butterfly keeps on flying and other functions are not available, so it is not clear what is happening.
