

Kepler - Bug #4380

Removing LocalRepository does not remove actors from Ontologies

09/10/2009 09:28 PM - Aaron Aaron

Status:	Resolved	Start date:	09/10/2009
Priority:	Normal	Due date:	
Assignee:	Aaron Aaron	% Done:	0%
Category:	actors	Estimated time:	0.00 hour
Target version:	2.X.Y	Spent time:	0.00 hour
Bugzilla-Id:	4380		
Description			
scenario: place a kar containing a component that has a semantic type in a folder add that folder as a local repository see that the component has shown up in the appropriate ontology now remove that local repository see that the folder is no longer in the library but the component still shows up in the ontology			

History
