

## Kepler - Bug #4475

### Order context menu items consistently

10/16/2009 12:15 PM - ben leinfelder

| <b>Description</b>  |                   |                        |            |
| There is a mix of options, sure, but options that appear across different context menus (ie "Open") should appear in similar locations on the list. |                   |                        |            |

### History
