

Kepler - Bug #4515

Finish and Document the Save/Open KAR file functionality

10/29/2009 12:12 PM - Chad Berkley

Status:	Resolved	Start date:	10/29/2009
Priority:	Immediate	Due date:	
Assignee:	Aaron Aaron	% Done:	0%
Category:	core	Estimated time:	0.00 hour
Target version:	2.0.0	Spent time:	0.00 hour
Bugzilla-Id:	4515		
Description We need to finish the save/open functionality as listed in the kepler roadmap. This functionality should also be documented both on the wiki and in the user manual. To close this bug, test and confirm that the open/save kar functionality works in an intuitive way and document how it now works for users.

I think we can close this one now. All core save/open kar functionality has been completed. If we need better documentation lets open that in a new documentation bug.
