Target version:	1.1	Spent time:	0.00 hour
Bugzilla-Id:	465		

Description

Now if the Metacat doesn't have permssion, it could not create the data direcotry automaticly. Uer should create the data directory and change it permission manually.

We should let it created automaticly.

History

#1 - 04/10/2002 08:34 AM - Jing Tao

The bug was fixed. In build.xml file, during installation a mkdir and chmod were used. A variable of data dir was used, so it is easy to change the data dir name.
