#### Description

I parsed an EML 201 doc from:

<http://knb.ecoinformatics.org/emlparser/parse>

I got a java error to the effect that it ran out of memory trying to read a zip(?) I dont have the error trace any more.

#### History

##### #1 - 01/25/2010 03:13 PM - Michael Daigle

Differing to release 1.9.3. We have made several performance improvements in 1.9.2, and we need to see if those resolve the memory issues.

##### #2 - 02/09/2010 01:07 PM - Michael Daigle

This seems to be resolved with the bug fix that uses a stringbuffer to read files as opposed to a string

##### #3 - 03/27/2013 02:27 PM - Redmine Admin

Original Bugzilla ID was 4658
