

Kepler - Bug #4694

workflow run manager - differentiate imported runs

01/22/2010 03:30 PM - Derik Barseghian

Status:	Resolved	Start date:	01/22/2010
Priority:	Normal	Due date:	
Assignee:	Derik Barseghian	% Done:	0%
Category:	workflow run manager	Estimated time:	0.00 hour
Target version:	2.X.Y	Spent time:	0.00 hour
Bugzilla-Id:	4694		
Description			
Eric requests a way to differentiate imported runs ("husk runs") from those you actually ran. One idea is to change the run row color. We should probably add a field to provenance to store if a run was imported.			

History

#1 - 08/19/2010 05:15 PM - Derik Barseghian

This is done in the 2.1 branch, imported run-rows now a blueish color. Waiting to merge this and other changes into trunk until we have a provenance upgrade process in place.

#2 - 01/03/2011 12:03 PM - Derik Barseghian

This is done.
