

FIRST - Bug #4725

Out of order question numbers can cause faulty question recognition

02/02/2010 01:56 PM - Sandeep Namilikonda

Status:	New	Start date:	02/02/2010
Priority:	Normal	Due date:	
Assignee:	Ryan McFall	% Done:	0%
Category:	parser	Estimated time:	0.00 hour
Target version:	post-clientprototype	Spent time:	0.00 hour
Bugzilla-Id:	4725		
Description <p>Exams with question numbers that are out of order (which may be caused due to instructor adding or deleting questions from the original (word) document) can make the parser merge multiple questions into one question.</p> <p>We know that this behavior is a direct consequence of the pre-condition for our question recognition algorithm to work!</p> <p>Probably, in the next version, a more robust algorithm could be employed to handle cases like the one above.</p>
