Semtools - Bug #4779

Ontology Browser - use hybrid tree/table UI

02/08/2010 04:44 PM - ben leinfelder

Status:	Resolved	**Start date:**	02/08/2010
Priority:	Normal	**Due date:**	
Assignee:	ben leinfelder	**% Done:**	0%
Category:	Morpho Plugin	**Estimated time:**	0.00 hour
Target version:	Unspecified	**Spent time:**	0.00 hour
Bugzilla-Id:	4779		

Description

Could augment the existing tree to include additional columns that will display additional information about the class in the tree.

Start with mockups

History

#1 - 02/09/2010 10:52 AM - ben leinfelder

base classes were already in Morpho for the Access control page.
Made some modifications for use with Onology browsing and voila!
Still to iron out (these were lost when switching to the hybrid):
-select the node in the tree when you are returning to edit. It expands to that node, but it is not selected
-select matching nodes after a search (unless we just remove all the non-matching classes as in bug 4777)

#2 - 02/11/2010 01:06 PM - ben leinfelder

this now works - updated the JTreeTable code from the java tutorial
http://java.sun.com/products/jfc/tsc/articles/bookmarks/

Note: this is in Morpho codebase
